Name: _____

My First School: _____

My Middle School: _____

September 2021

Introduction.

This booklet is to help you start thinking about moving up to middle school. It will help you think about things you do or enjoy in school, think about how you feel about middle school as well as help your new teacher to learn a bit about you.

You can even start to think about any questions you might have and if you like, include some work you want to show your new teacher.

Have fun and just fill in whatever you can, then bring your booklet into your new middle school with you.
