

Accelerated™ Reader

At its heart, Accelerated Reader is simple.

A student reads a book, takes an online quiz, and gets immediate feedback. Students respond to regular feedback and are motivated to make progress with their reading skills.

Pupils develop reading skills most effectively when they read appropriately challenging books – difficult enough to keep them engaged but not so difficult that they become frustrated. This is their ‘Zone of Proximal Development’ (ZPD)

AR gives students significantly greater choice in levelled books and quizzes than any comparable reading programme.

Over 27,000 reading practice quizzes are available on books from over 300 publishers and imprints. Independent of any publishing interests and suitable for students of primary and secondary age, AR ensures that there are plenty of books to interest every reader available on the programme.

Research-based recommendations underpin the best practices for AR implementation. The importance of daily personalised reading practice cannot be overstated. Recent studies indicate that when students spend 25 minutes a day reading suitably challenging books which they successfully comprehend (demonstrated by achieving 90% or more on the reading practice quiz), then they will achieve optimal reading age growth. This is the power of personalised practice.

Logging in

Your child’s **username** is made up of the first letter of their first name, followed by the first four letters of their surname. They will have set their own **passwords**.

For log-on enquiries, they should see their English teacher.
